

## 9. Fellow Activities:

---

### **Fellow Scholarly Activities**

**Provide a list of the fellows' scholarly presentation activities (lectures, quality or safety improvement projects, workshops, abstract presentations, case presentations) for the previous 3 - 5 years. Highlight both the fellow and the faculty involved in the project (Requirement I.b, IV.e, VI.d, VI.e, VII.d, III.a - b, Appendix 2 V.e)**

**Describe the mentoring program provided to the fellows for scholarly activities.**

**Describe fellows' ongoing (i.e., neither presented nor published yet) research and quality improvement activities.**

**What provisions are made for fellows to attend regional and national/international scientific meetings?**

**Please list publications including those in press or in preparation by your current or former fellows (previous 5 years) (Requirement VI.d) Organize according to book chapters, peer-reviewed articles, non-peer reviewed (e.g., media, newsletter articles, published letters).**

**If you are a new program director or do not have this information, describe your plans to encourage scholarly activity.**

**Describe the fellows' participation in planning and conducting conferences and other teaching activities.**
