

II. Recruitment Process:

Fellow Recruitment Process

Is the fellow recruitment criteria described in the program according to licensure eligibility?

Has each fellow completed an accredited anesthesiology residency?

Do you have an enfolded fellowship where the fellow is a resident in an accredited residency program?

If yes, have such fellows completed a minimum of two years of clinical anesthesiology residency?

Does your program advocate adherence to the Code of Ethics and Professional Conduct of the World Health Organization relating to non-discrimination in selection of fellows while adhering to the local institutional requirements?

Does your program have a policy on diversity, equity and inclusion?

Please use the space below to elaborate on your answers if needed
